

sign aesthetic. Cables are reproductions made for his shop by Motion Pro. Steering bearings, swinging arm bushings and forks were all upgraded as well, using tapered rollers and new high quality springs and

bushings. Despite the rust the hubs were in decent shape internally and cleaned up nicely prior to being polished. Spokes are original, re-plated, and re-laced by Charlie. All wheel bearings front and rear were re-

placed. Cone Engineering mufflers were used for look and performance. Chroming was done by Alan Brothers at Global Plating in Fremont California, whilst the frame was extensively modified with guidance from
